

Exempt Positions and Appointments

Definition

The Governor has authority to designate certain positions as exempt from civil service and determine the distribution in the executive agencies of deputies or employees selected pursuant to subdivision (g) of Section 4 of Article VII of the California Constitution by civil-service-exempt officers appointed by the governor pursuant to subdivision (f) of Section 4 of Article VII of the California Constitution.

Authority and Entitlement

Article VII, Section 4 of the State Constitution provides thirteen different types of Constitutional exempt authorities, listed from “a” to “m”. The **exempt authority** is identified by the letter of the subsection in Section 4 and it specifies the appointing power of an exempt position.

An appointee of the Governor is sometimes referred to as an “F” appointment because it falls under subsection “F” in Section 4. An appointee of an “F” is a “G”. A member of a board or commission is referred to as a “D” appointment, and the appointee of a board is an “E”, and so on.

The code section in the law that specifies that an appointment may be made is called an **exempt entitlement**.

For example, the code section specifying that the Governor will appoint the director of a department is the entitlement. The authority is “F” because the Governor is making the appointment. Under the Constitution, the “F” appointee is authorized to make a “G” appointment and both would share the same entitlement.

These “G” appointments are referred to as “derived” appointments, since authority to appoint these employees is derived from the Governor’s appointing authority. Therefore, “G” and “F” appointments are always paired, and it is critical to track these appointments very closely since they are tied to a single entitlement.

How exempt positions are created

In addition to the exempt positions created by the Governor’s appointing authority, exempt positions may be created through:

- new or revised laws
 - conversion by the Governor of a vacant civil service managerial position in a line agency under the Governor’s direction (see Government Code (GC) Section 12010.6 for exclusions to this provision)
 - revision to the State Constitution may add new authorizations

Types of exempt positions

The table below describes the Governments Code Sections (GC) for the two types of exempt positions.

Type	Description
Statutory Exempt	Salaries set by legislation under GC Section 11550, and accrue no leave credits.
Non-statutory Exempt	Salaries recommended by the appointing power and approved by DPA under the authority of G.C. Section 19825.

Who can be hired?

Individuals selected for exempt appointments may be from:

- private sector with no civil service status
 - civil service employees who vacate a civil service job to accept an exempt appointment.
-

Exempt employees rights

Exempt employees serve at the pleasure of the Governor or the appointing power and these appointments may be terminated at any time. When an exempt appointment is terminated, the employee may have mandatory rights and/or permissive reinstatement eligibility.

Some exempt appointments have a time period specified by law and these are referred to as “term appointments.” The code of law that authorized the exempt entitlement specifies the length of the term and the Oath of Office will have an expiration date.

Single appointment class codes

Each exempt position has its own classification code. Therefore, exempt employees serve as the only person in their exempt classification code for the duration of their exempt appointment.

The exempt position is separate from the exempt entitlement. The entitlement is authorized by law and does not have a funding source. Therefore, a budgeted position needs to be tied to the entitlement to have an exempt position with funding. A budgeted position can be reclassified to the exempt entitlement to provide funding. The Office of Human Resources (OHR) Personnel Manager updates Exempt Position charts to track the exempt entitlements and positions and the funding of these positions.

When the employee vacates the exempt position, the exempt entitlement and the exempt position become vacant. Vacant entitlements can be reused by processing a new exempt position request (EPR) package.

Loaned entitlements

Government Code section 12010.5 allows the Governor to redistribute the appointments made under Section VII 4(g) among executive agencies. These are sometimes referred to as “borrowed” or “loaned” positions. For instance, DGS may loan vacant exempt entitlements to the State and Consumer Services Agency (SCSA). The funding tied to that entitlement may or may not be loaned with the entitlement.

Exempt Position Process

Introduction When the Classification and Pay (C&P) Analyst is notified that an exempt employee is being hired, a specific request procedure must be followed in order to appoint the employee.

Overview of exempt process The following is a summary of the exempt appointment and salary process:

1. The Governor's Office reviews candidates proposed by the agency and/or who are in the Governor's Office applicant file. When an acceptable candidate is approved, the responsible executive (Agency Secretary or department director) is notified of the approval who in turn, must notify the Personnel Manager in OHR so that the necessary transactions can take place to put the appointee on the payroll.
2. The OHR forwards the Exempt Position Request (EPR <http://www.documents.dgs.ca.gov/ohr/pom/epr2005.doc>), duty statement and organization chart through the Agency (if appropriate) to the Governor's Office, Appointments Unit. At the same time, a copy is sent to the Department of Personnel Administration (DPA) Exempt Unit.
3. The Appointments Unit reviews the EPR and determines that the information on the appointee is correct. The approved EPR is forwarded to DPA.
4. DPA prepares an exempt pay letter if a change to the Exempt pay Scale is necessary. The department is sent a copy with the approved EPR attached.
5. DPA returns a copy of the approved EPR to the department if no pay letter is necessary.

The detailed procedures for the EPR process are located in the following document:

Recruitment procedures

The recruitment to fill an exempt position can be done by DGS, State and Consumer Services Agency (SCSA) or the Governor's Office, or DGS may hire an executive search firm. When DGS is conducting the recruitment the OHR C&P Analyst will use the following steps:

Step	Action
1	Obtain current duty statement from exempt position history file and provide to the appropriate Deputy Director and or Chief Deputy Director to verify or update.
2	Provide assistance to the Executive Office in developing minimum qualifications and desirable qualifications.
3	Obtain desired publicity period from Executive Office. Recommend a minimum of three (3) weeks.
4	Prepare a Job Opportunity Bulletin describing the duties, minimum qualifications and any desirable qualifications.
5	Determine which organizations from the following list should be included in the distribution: <ul style="list-style-type: none">• State departments• EEO listing (Shared/ Support/EEO Exam Distribution List)• Capitol Weekly• Various newspapers<ul style="list-style-type: none">– Sacramento Bee– Los Angeles Times– San Francisco Chronicle and/or Examiner– Fresno Bee– San Diego Tribune– Wall Street Journal

Return rights An employee who vacates a permanent civil service position to accept an exempt position could have as many as three reinstatement options at the termination of the exempt position based on their employee history. In brief, these options are:

- Mandatory reinstatement to a position in the former civil service classification
- Eligibility to compete on a deferred or late basis in examinations for classifications above the former civil service level
- Contingent on existing eligibility or eligibility acquired through a deferred examination, mandatory reinstatement to a vacant position above the former civil service level

**Determining
return rights** After the appointment of an exempt employee, the C&P Analyst:

- Determines the return rights by reviewing the employee's employment history and using the Exempt Reinstatement Schedule Work Sheet <http://www.documents.dgs.ca.gov/ohr/pom/ExemptWorksheetMaster.doc>
- Informs the Personnel Manager of the employee's return rights. The Personnel Manager maintains all information on the Exempt Positions chart and will add this information to the "Remarks" column.

Terminated exempt return rights

When an exempt appointee is terminated, the C&P Analyst:

- Re-evaluates the return rights and prepares and Exempt Return Rights/Options Letter (see sample <http://www.documents.dgs.ca.gov/ohr/pom/Exempt Termination.doc>)
 - Answers questions and facilitates the reinstatement of the employee, if applicable
 - Informs the PS in PTU of the termination date
